a magnificent and inspiring book about the only art deco district in america by the woman who made it come alive again the triumphs and despairs described in capitman s text are the result of the struggle between the pressure for development and the necessity for preservation 135 color plates

from the acclaimed bestselling author of philistines at the hedgerow comes a remarkably revealing profile of the miami beach no one knows a tale of fabulous excess thwarted power and rekindled lives that will take its place among the decade s best works of social portraiture created from a mix of swampland and dredged up barrier reef miami beach has always been one part drifter mecca and

one part fantasyland simultaneously a catch basin for con men fast talk artists and shameless self promoters and a shangri la for sun worshippers and hardcore hedonists in miami beach it s often said that if you re not indicted you re not invited but the city s mad fascinating complexity resists easy stereotyping fool s paradise is more than just a present day profile of a dark eden gaines journeys back into the city s social and cultural history unearthing stories of the resort s past that are every bit as absorbing and jaw dropping as those of its present the book begins with a snapshot of the city s current excess this is after all a sun washed hamlet that boasts on a per capita basis more bars and breast implants than any other place in america then plunges into the beach s origins chronicling the audacious rise of such hoteliers as the fontainebleau s ben novack and the eden roc s harry mufson the sharp elbowed tactics of al capone and frank sinatra and the mac 10 shooting sprees of the marielito and colombian drug lords from there the narrative shifts to two wildly eccentric souls who gave their lives to preserving the city s architectural dazzle and creating its color palette introduces us to the most powerful man in miami beach and arrives finally in the modern day where we meet among others a kinky german playboy who once owned a quarter of south beach and publicly flaunts his sexual escapades a fabulously successful nightclub promoter whose addictive past seems to have given him a portal into the night world s id and a gaggle of young sexy models dreamers and schemers on a mission to achieve significance evoking the beach s surreal blend of flashy vegas and old hollywood glamour as well as its manic desperation and reckless wealth gaines persuasively demonstrates that though the beach is in the words of its most famous drag queen an island of broken toys a place where people get away with things they d never get away with anyplace else it casts an irresistible spell

knox in situ studies present 50 especially significant city districts from the whole of europe in words and pictures his field research focuses on typologically outstanding city districts that have developed a high degree of individuality cities are the symbiosis of diverse districts the smaller units serve to provide an important identity function business centers and amusement districts such as the city and the west end in london technology and science quarters adlershof in berlin designer districts such as the zona tortona in milan and the fashion district in new york two other factors that play a major role are the conversion of industrial wastelands and new districts colored by a supranational capitalism or a sustainable or dubious planning such as the vauban residential quarter in freiburg in south germany or the lower ninth district in new orleans paul knox also always analyzes how and why these districts have turned out the way they are outlining their visible and also their hidden and often blurred biography a fascinating journey through space and time

this illustrated guide is unique fans of miami vice scarface burn notice and 80s miami movies will appreciate it the guide will also interest students of miami history and art deco as well as those nostalgic about miami in the 80s it explains for the first time that these shows are really a time capsule of long gone miami scenes they serve as a record of when miami was 1980s america on steroids burn notice an innovative show in its own right followed miami vice s lead when compared to similar scenes from vice recent tv shows reveal the distinctiveness of the 80s these tv shows also provide a window into today s miami the guide shows where views of long gone iconic locations and typical miami scenes can be found on the dvds the value of miami vice to south florida is explained personal observations are provided by the author who lived there during the vice years all music played on miami vice is listed as well as key locations in all vice movies and recent tv episodes
